P. O. Box 105605  
Atlanta, Georgia 30398-5605

Dear Mr. Moody:

Re: Large Mine Operator Plan Revision, Georgia Pacific Corporation, M/041/009,  
Sevier County, Utah

Please find enclosed, a form to be filled out regarding your waste materials land fill. We will need the information specified on the form before proceeding with approval for the facility.

We have received some correspondence from the BLM regarding this landfill and will be working with them in approving the site. We will ask the BLM to delay any approval on the landfill until the form has been completed and approved.

You should also be receiving a form from the Bureau of Water Pollution Control (BWPC), regarding a ground water discharge permit for the landfill. Please fill it out and return it to the BWPC. We will want to make sure they are satisfied before proceeding at our end.

Thank you for your attention to this revision. Since this is a small revision, we do not anticipate a long delay or the need for extremely detailed information.

Sincerely,

Holland Shepherd  
Reclamation Specialist
